In Case of Fire, Have You a Fire Escape in Your Home?

Every few days we read of people being burned up, in private
homes of this state and elsewhere.

Children and mothers who are burned for need of ways of es-
cape. When a fire starts in your home it shuts off your stairway and
halls. I have a galvanized metal folding ladder—folds up so it is bur-
glar proof, can be used on your porches or sleeping rooms, will last a
life-time. Any member of your family can get out of a burning
building in less than one minute—costs only 29c a foot.

I will not make a house to house canvass for I have not the time,
but you call me up at Pike News Co., and I will see you at your home
or office. If you care for reference I will furnish J. H. Nightingale,
State Commissioner of Labor of Charleston; your Mayor, Chief of
Police or Chief of Fire Department.

Will be in your city September 14-18.

Yours for life saving,

AL BROWN, Parkersburg, W. Va.
